Claims 15, 16 and 21-37 are presented for examination.

Applicant's amendment and information disclosure statement filed October 25, 2004 have been received and entered.

Accordingly, the rejection made under 35 USC 103 as set forth in the previous Office action dated June 22, 2004 as pages 2-4 as applied to claims 15-38 is hereby withdrawn.

Allowable Subject Matter

Claims 15, 16 and 21-36 are allowable because the prior art, Chase et al., "Angiotensin-converting enzyme inhibitor treatment for young normotensive diabetic subjects: a two-year trial", Annals of Ophthalmology, (1993 August) 25(8), pp. 284-289, does not teach the applicant's preferred inhibitor, ramipril, maintain or improve the visual acuity and the field vision in a patient in need of such treatment.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 37 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 37 is rendered indefinite and vague for the use of the phrase "said patient is aged". What is meant by this phrase? Is the patient an aged child, teenager or adult receiving the said treatment?

Claim 37 is not allowed.
